Name _____

Saint Joan of Arc

Joan of Arc grew up in France when her country was at war. She was the daughter of a farmer and lived a very simple, quiet life. She attended Mass every day and loved God very much. As a teenager, she heard the voices of Saint Michael, Saint Catherine, and Saint Margaret telling her that God had a special plan for her. She became the leader of the French army and won many battles. Joan was brave and helped to defend and unite her country.

Draw a picture of one way that God gives you courage.
